

# Metric Tassel Award Clout ranking 2011 calendar year.

## Basis of calculations and criteria used

- Results taken from those shoots having applied and completed "Tassel Award Status" in the year 2011.
- 15 Metric Tassel shoots in total.
- Scores have **not** been adjusted/alterd to reflect archers shooting above their normal distance.
- The rankings have been based purely on score achieved, taking the top 3 scores attained, the sum of these scores and ranked accordingly. I have shown the number of shoots completed together with the average score per shoot, for information.

## Observations from scores used

- A total of 465 archers participated in "Metric Tassel Award" shoots in 2011.
- A total of 326 only shot in 1 tournament.
- A total of 62 only shot in 2 tournaments.
- 76 archers shot in 3 shoots or more.
- The highest number of shoots completed in by a single archer was 11.

## Future thoughts for 2012

As both Imperial and Metric Tassel Awards shoots are increasing year on year I feel the time is right to put together a mixed ranking of both Imperial and Metric scores. I have decided to formulate this by using a qualifying condition of 3 Imperial scores and 2 Metric scores. I will again compile this from the results I receive from the Tassel Award shoots.

These rankings have been put together by Andrew Neal, on behalf of Northern Counties Archery Society, who administers the National Tassel Award Schemes. Any enquiries or comments about the rankings or the Tassel Award Scheme should be addressed to Andrew Neal, Chapel View, 43a Main Street, Riccall, York, YO19 6QD. The full rankings can be found at the Northern Counties Archery Society website [www.ncas.co.uk](http://www.ncas.co.uk). A list of Tassel Award Shoots, both imperial and metric can also be found at the website.
