

N.C.A.S. have never held a list of 'Regional Records' but I have taken the step of creating this selection of records that are a credit to those who have achieved them. As this is a personal quest the Region cannot be made to maintain the list if I find later that I am unable to do so. About the end of the indoor season I will scan the county records for updated records. However, for the moment, here they are and if you wish to claim a record before I review each county list, I will need the following. I will need your name, bow type, round, competition venue and date and your 'home' county. Just send to [corrections@ncas.co.uk](mailto:corrections@ncas.co.uk) and I update as required.

**Regional Target Records at 1st April 2017. (changes marked with green background)**

OUTDOOR	World Archery 1440	World Archery DOUBLE 1440	World Archery 720 (70m Round)	World Archery 720 (50m Round)
