

# Tassel Award Imperial Clout rankings 2022

## Basis of calculations and criteria used

- Results taken from those shoots having applied and completed "Tassel Award Status" in the year 2022.
- 28 (16) shoots in total.
- Shoots include both Double One Way and Double Two Way.
- Scores have **not** been adjusted/alterd to reflect one way or two way shooting or archers shooting above their normal distance.
- The rankings have been based purely on score achieved, taking the top 3 scores attained, the sum of those scores and ranked accordingly. I have shown the number of shoots completed together with the average score per shoot, for information.
- It has again been difficult this year with names spelt differently by organisers and archers swapping clubs throughout the year. Archers must ensure their names are spelt correctly on results sheets otherwise these rankings could be inaccurate.

## Observations from scores used

- A total of 464 (298) archers participated in "Tassel Award" shoots in 2022 submitting 1268 scores (809).
- A total of 267 (159) of these only shot in 1 tournament.
- A total of 67 (34) of these only shot in 2 tournaments.
- 130 (105) archers shot in 3 shoots or more.
- The highest number of shoots completed in by a single archer (same bow discipline) was 13 (4 archers) (11).
- The bracketed figure above relates to the 2021 season.

These rankings have been put together by Andrew Neal, on behalf of Northern Counties Archery Society, who administers the National Tassel Award Scheme. Any queries should be address them to Andrew at e-mail address [an@agneal.co.uk](mailto:an@agneal.co.uk)

# Combined Imperial/Metric Tassel Award Clout Ranking 2022.

## Basis of calculations and criteria used

- Results taken from those shoots having applied and completed "Tassel Award Status" in the year 2022.
- Given the number of Imperial and Metric Clouts are now very similar the Rankings have been compiled taking an archer's best 3 imperial scores and best 3 metric scores.
- An archer must have shot at least 3 imperial **and** 3 metric tassel award shoots to be eligible for the rankings.
- Scores have **not** been adjusted/alterd to reflect archers shooting above their normal distance.
- The rankings have been based purely on score achieved, taking the top 3 imperial scores and top 3 metric scores attained, the sum of these scores and ranked accordingly.

These rankings have been put together by Andrew Neal, on behalf of Northern Counties Archery Society, who administers the National Tassel Award Scheme. Should anyone have any queries please e-mail Andrew.
