

Tassel Award Imperial Clout rankings 2025

Basis of calculations and criteria used

- Results taken from those shoots having applied and completed "Tassel Award Status" in the year 2025.
- 31 (31) shoots in total.
- Shoots include both Double One Way and Double Two Way.
- Scores have **not** been adjusted/alterd to reflect one way or two way shooting or archers shooting above their normal distance.
- The rankings have been based purely on score achieved, taking the top 3 scores attained, the sum of those scores and ranked accordingly. I have shown the number of shoots completed together with the average score per shoot, for information.
- It has been easier this year to compile the rankings having requested organisers send results in a certain format. Whilst most organisers have done this automatically a few others have had to be reminded of the requirement.

Observations from scores used

- A total of 5634 (501) archers participated in "Tassel Award" shoots in 2025 submitting 1480 scores (1277).
- A total of 370 (269) of these only shot in 1 tournament.
- A total of 102 (78) of these only shot in 2 tournaments.
- 162 (154) archers shot in 3 shoots or more.
- The highest number of shoots completed in by a single archer (same bow discipline) was 14 (14).
- The bracketed figure above relates to the 2024 season.

These rankings have been put together by Andrew Neal, on behalf of Northern Counties Archery Society, who administers the National Tassel Award Scheme. Any queries should be addressed to Andrew at e-mail address an@agneal.co.uk

Combined Imperial/Metric Tassel Award Clout Ranking 2025.

Basis of calculations and criteria used

- Results taken from those shoots having applied and completed "Tassel Award Status" in the year 2025.
- Given the number of Imperial and Metric Clouts are now very similar the Rankings have been compiled taking an archer's best 3 imperial scores and best 3 metric scores.
- An archer must have shot at least 3 imperial **and** 3 metric tassel award shoots to be eligible for the rankings.
- Scores have **not** been adjusted/alterd to reflect archers shooting above their normal distance.
- The rankings have been based purely on score achieved, taking the top 3 imperial scores and top 3 metric scores attained, the sum of these scores and ranked accordingly.

These rankings have been put together by Andrew Neal, on behalf of Northern Counties Archery Society, who administers the National Tassel Award Scheme. Should anyone have any queries please e-mail Andrew.
